#### Homework #1

#### **Submission instructions:**

- 1. For this assignment you should turn in a '.pdf' file with your answers. Name your file 'YourNetID hw1.pdf'
- 2. Each question should start on a new page.
- 3. Typing your solutions would grant you 5 extra points.
- 4. **You should submit your homework in the Gradescope system.**Note that when submitting the pdf file, you would be asked to assign the pages from your file to their corresponding questions.
- 5. You can work and submit in groups of up to 4 people. If submitting as a group, make sure to associate all group members to the submission on gradescope.
- 6. You are expected to justify all your answers (not just to give the final answer). As a rule of thumb, for questions taken from zyBooks, the format of your answers, should be like the format demonstrated in the sample solutions we exposed.
